

## Make Sure Your Child Has a Bookshare Account

### SCHOOL ACCOUNT

A school account allows your child to log in and read books shared with or assigned to them by their teacher. **Learn how to access assigned books from a school account:** [pt.bookshare.org/school-account](https://pt.bookshare.org/school-account)

### INDIVIDUAL MEMBERSHIP

Individual Memberships allow students to find and read their own books, and, if the memberships are connected to their school account, students can also read books assigned by their teachers. Upgrading to an Individual Membership is free. **Learn how:** [pt.bookshare.org/imp](https://pt.bookshare.org/imp)
